HPU Bookstore Newsletter

Thanks to you, our customers!

Holidays are days of celebration that remind us to refocus on the truly important things in life. Thanksgiving is a day to appreciate great food, beautiful land, and unity amongst each other. This is also a time of year when we can give to help those who are less fortunate.

We at the HPU bookstore are fortunate to have our health and the love of our friends and families. We would like to give back to the community and invite our HPU Ohana to contribute.

From November 16th - 24th, we ask customers to please bring in a canned food donation for the Food

Bank. For helping us collect food donations, we would like to thank you by giving you a 30% coupon towards one regular priced logo item.

We have a Holiday sale from December 7th-23rd. All sweatshirts and t-shirts will be discounted, we'll have special purchase t-shirts for \$5.99, and while you visit, take a guess at how many candies are inside the jar and win them all!

Go Green! The Bookstore can help!

The effects of consumerism on this planet has never been more apparent. It is up to each individual to take the initiative to help maintain our world. Start the commitment today to help reduce your carbon footprint.

At the HPU Bookstore, we have a growing commitment to this most important of causes. We have implemented a number of sustainability initiatives to reduce environmental impact while saving in utility costs.

The HPU Bookstore is committed to sustainability internally and for our customers!

Visit our Bookstore locations for a breathe of fresh air and browse our selection of eco-friendly products featuring the school name and seal:

- Large selection of t-shirts made from recycled water bottles and organic cotton, void of harmful chemicals and dyes
- Stainless steel water bottles keep you from buying bottled water reduce waste
- Bio-degradable coffee and tea mugs can be used for years, then discarded without remorse
- Tote bags, one made entirely from recycled water bottles, the other with recycled materials to save from using plastic bags
- ID holders and wallets made with 100% recycled leather
- Notepads made of recycled paper

- Ebook versions of many course textbooks save paper and eliminate shipping pollution and costs
- Our line of Apple products have removed many harmful toxic chemicals, reduced packing volume, and are made using recyclable materials.
