About CLEP

Shorten your path
to a college degree —
with CLEP!

The College-Level Examination Program® or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.

Why take CLEP exams?

By taking one or more CLEP exams in your strong subjects, you'll...

- **Save time.** Get college credit for what you already know. Be rewarded for what you've learned through independent study, advanced high school courses, noncredit adult courses, or professional development.
- **Save money.** Compare the cost of a CLEP exam, just \$65, to hundreds — even thousands — of dollars in tuition. CLEP exams are free to military service members.
- **Make college more interesting.** Move right into advanced courses.
- **Graduate on time.** CLEP can help you to the finish line if you're a few credits shy of graduating.
- **Satisfy a proficiency requirement.** Demonstrate you've already mastered the content of, for example, a basic math or language course. Great for dual-degree candidates or students just a few credits shy of graduation.
