

## ON BASE & ONLINE

### Military Friendly Education

Hawai'i Pacific University is committed to providing our military community a high quality education in a flexible, military friendly learning environment. You can get your Associate's, Bachelor's and/or Master's degree through classes on base, online, or a combination of the two. If you find yourself relocated, HPU has options that will allow you to complete your education from anywhere in the world.

## MILITARY CAMPUS PROGRAMS

# Military Spouse SCHOLARSHIP PROGRAM

*Hawai'i Pacific*  
UNIVERSITY

## HAWAI'I PACIFIC UNIVERSITY Military Spouse Scholarship Program

Hawai'i Pacific University (HPU) is pleased to announce the Military Spouse Scholarship Program. The 25% scholarship is offered to non-active duty spouses of active duty military, Coast Guard, and members of the Reserve/National Guard who are:

- Currently enrolled HPU students  
OR
- Who are deployed in excess of 60 days

The scholarship offers spouses a 25% Tuition reduction for Military Campus Programs (MCP) undergraduate and graduate tuition (excluding fees). This includes courses offered through MCP on base or online.

## MISSION STATEMENT

Military Campus Programs seeks to provide an effective and challenging education for all military service members, their families, Veterans, and U.S. Government civilian personnel. We recognize their need for flexibility without sacrificing academic integrity in educational programs. We strive to maximize the potential for distance education as an alternative delivery mode to educate our students in an ever-changing global environment.

*"The military spouse scholarship program has lowered the financial burden of numerous households (to include mine) within the military community. I believe the program has boosted the morale of the service members and their spouses by experiencing a unique manner of appreciation for all the sacrifices they have undergone, are still experiencing, and may encounter at any given time."*

Military Spouse,  
Business Administration,  
Concurrent Graduate Student

## WHO IS ELIGIBLE?

**Category 1:** Spouses of HPU students who currently serve in the military on active duty, Coast Guard, or are Reserves/National Guard (w/ red ID Card). Spouse must hold a valid military ID card to verify status. Spouse/sponsor concurrent enrollment required.

**Category 2:** Current HPU students who are spouses of active duty, Coast Guard, Reserves, and National Guard serving on active duty deployed in excess of 60 consecutive days and deployed service member is or will become a student with Hawai'i Pacific University.

**Category 3:** New student applicants who are spouses of active duty, Coast Guard, Reserves, or National Guard deployed in excess of 60 consecutive days. Deployed service members need not be a current HPU student.

To be eligible for the tuition discount, deployment must overlap MCP term dates. Discount applies if service member is deployed at any time within the term dates.

**Not Eligible:** Active duty spouses of deployed service members who are themselves eligible to receive military tuition assistance or veterans education benefits (G.I. Bill) are not eligible for the scholarship.

*"The Spouse scholarship is so important because it offers an incentive for spouses to continue their education. I think of it as another way to thank spouses for all that they do; and what better way to do that than with education. It's like an extra push to give to spouses continuing their education- plus it's always nice knowing that you are saving a little bit of money."*
