

# WHAT IS DEGREE WORKS?

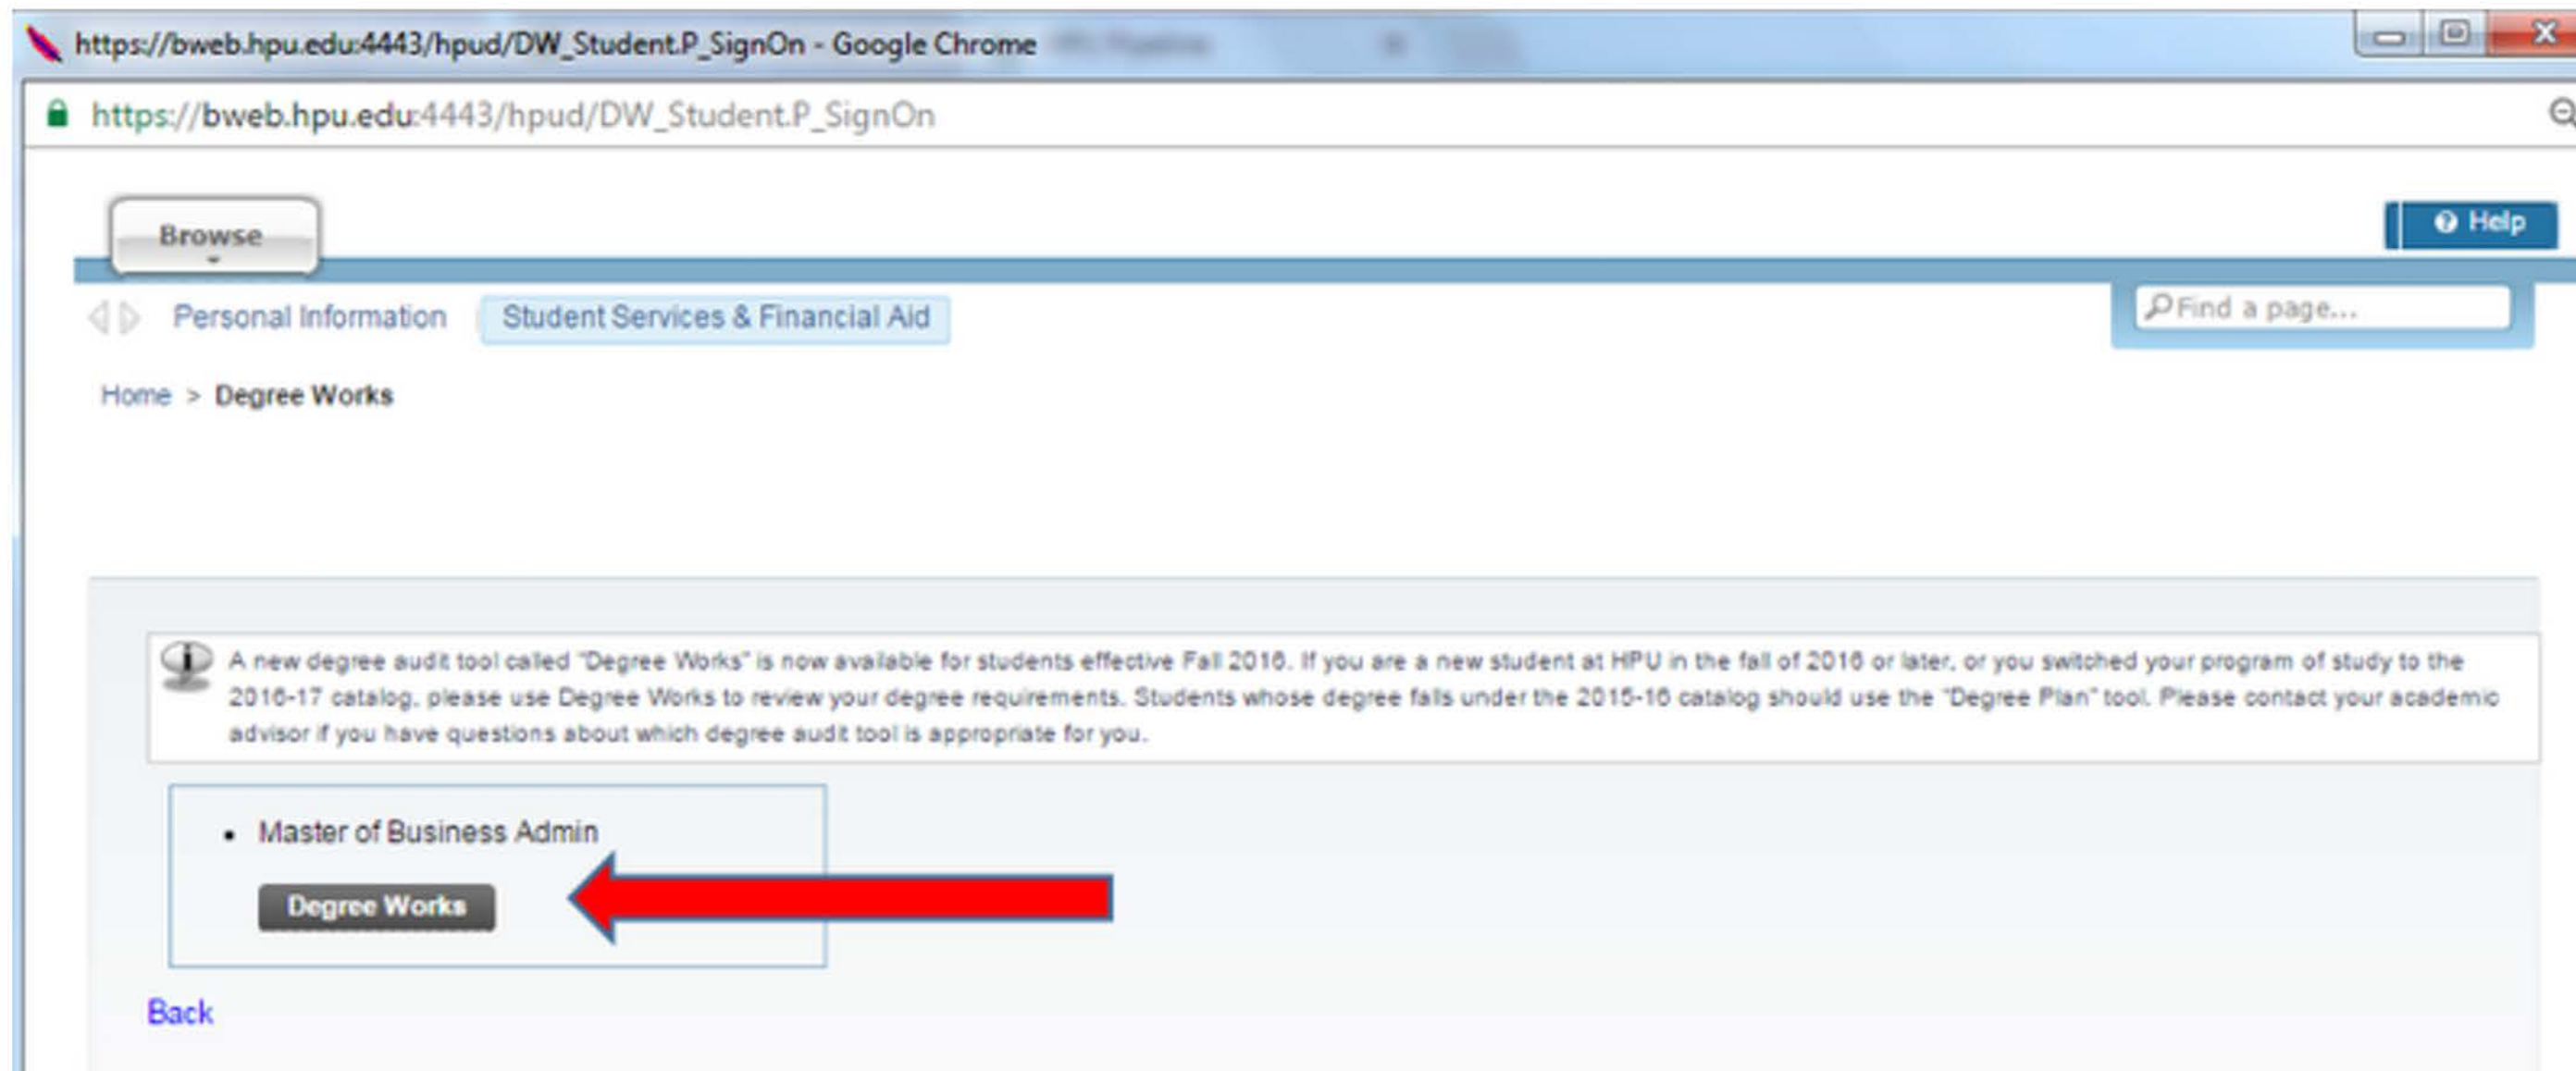

Degree Works is an advising tool for students to monitor their academic progress toward degree or certificate completion. It allows students and their advisors to plan future academic coursework.

To access Degree works, log in to your MyHPU.edu Portal and select “Degree Plan” found under the Academic card.

# HOW TO ACCESS DEGREE WORKS

A new window/tab will open. Your current degree program will be listed. **Click on the Degree Works button to continue.**

**Level:** Specifies level of classes (i.e., undergraduate, graduate)

**Classification:** e.g., Freshman, sophomore, etc. Based on how many credits you have **completed**. This does not include in-progress courses.

**Major/College:** Your declared major and the college it is nested under.

**Concentration/Minor:** If you have a declared concentration or minor, it will be listed here.

**Academic Standing:** This will be blank unless you are on Academic Probation or Academic Suspension.

**Advisors:** Usually your Professional Advisor will be listed first, then your Faculty Advisor.

**Sport:** If you are a student athlete, your sport will be listed here.

**Attributes:** If you are in any special programs (such as Ho'oko Rising Scholars or Marine Scholars) it will be listed here.

# UNDERSTANDING DEGREE WORKS

The next block displays your degree progress and overall GPA.

The interface displays degree progress and GPA information. On the left, there is a dropdown menu labeled 'Format' with 'Student View' selected. In the center, under the heading 'Degree progress', there are two circular progress indicators: 'Requirements' at 0% and 'Credits' at 10%. To the right of these is the 'Overall GPA' of 0.00. On the far right, there are two checkboxes, both checked: 'In-progress classes' and 'Preregistered classes'. A blue 'PROCESS' button is located to the right of these checkboxes.

Category	Progress
Requirements	0%
Credits	10%

Overall GPA: 0.00

☒ In-progress classes ☒ Preregistered classes [PROCESS](#)

**Degree Progress:** The two charts show your progression in completing your specific program requirements and completing the 120 credits required to graduate. Both charts must be 100% to be eligible for degree conferral.

**NOTE:** By default, your degree progress will include classes you have in-progress. This will update after a given semester is completed and you will be given credits based on the grade earned.

**Overall GPA:** A calculation of your cumulative GPA from completed semesters.

**In-progress Classes/Preregistered Classes:** These boxes can be checked on or off to toggle currently registered but incomplete classes and future classes you add to your list for future terms.

# UNDERSTANDING DEGREE WORKS

The next section lists the requirements to complete a Bachelor Degree at HPU; in this case, a Bachelor of Science degree.

Students must complete all listed requirements and have a minimum of 120 credits total completed, with 36 credits of upper-division coursework. Students also must have a minimum 2.00 GPA to graduate (unless your major requires a higher GPA).

**HPU Residency Policy:** Students must complete a minimum of 30 credits at HPU. Of the last 30 credits completed, 24 credits must be taken at HPU. In other words, only 6 credits in a student's last year can be transfer credits or credits earned by examination.

The next two sections lists the First Year Program and General Education Requirements.

First Year Program

Catalog year: 2023-2024

1

First Year Seminar

Still needed: 1 Credit in UNIV 1000

UNIV 1000 can be waived for: Transfer Students who have completed more than 24 credits at another institution post high-school graduation, transfer students who have fewer than 24 completed credits but who have successfully passed a course like UNIV 1000 at their prior institution, students who are completing 100% online degree programs, students in the Military, and students who have completed a dual-credit Associates Degree program while in high school. Please consult with your advisor for more information.

**1. First Year Program:** New Freshmen students are required to complete UNIV 1000 First Year Seminar in their first semester. A waiver can be requested if you meet the criteria described. Contact your advisor if you think you may be eligible for this waiver.

**2. General Education Requirements:** Students must complete one course per category. An exception to this is if a requirement has been waived due to a previous degree, for example. Another exception to this is for Residential Honors Students, who take Honors Seminar courses.

**HELPFUL TIP:** Some majors have requirements that can also apply to general education requirements. It can be an advantage to overlap requirements this way, so consider consulting with your advisor.

**Course Information** [X]

**AL 1050 - 3 Credits - Languages in the Pacific**

Language plays an important role in all areas of human life. In AL 1050, students examine historical and contemporary language use throughout the Pacific Basin, including Hawai'i. Through topics such as language and culture, linguistic diversity, linguistic features, language contact, and language loss and preservation, students develop a better understanding of, and appreciation for, the cultural, political, and social issues in the world where they will live, work, and study. (For purposes of transferability, this course satisfies General Education areas such as Social Science, Language and Culture, and Historical Studies content areas.)

This last section lists your Unrestricted Electives. If you have a minor, there will be a block above this one.

## Unrestricted Electives

Credits applied: 85    Classes applied: 27

Course	Title	Grade	Credits	Term	Repeated
ARTH 2000	The Art of Asia	A	3	Spring 2015	
ARTH 3351	Art of India and SE Asia	A	3	Spring 2016	
ARTH 3711	Superheroes in Manga & Anima	A	3	Spring 2016	
COM 3400	Communicating Professionally	A	3	Fall 2014	
CSCI 1011	Intro to Computer Info Systems	A	3	Spring 2013	
ECON 1010	Intro Global Economic Issues	B	3	Spring 2014	

Unrestricted Electives are courses that do not apply to your general education, major, or any other requirements. **However, they can count toward the 120 credits needed to graduate.**

Students can opt to declare a minor, which will take from this “pool” of unrestricted electives. Or students can also pick and choose their unrestricted electives freely.

**Every major has a different number of unrestricted electives available. Check with your advisor to confirm this number and to see how declaring a minor could affect your timeline to graduate.**

# OTHER TOOLS IN DEGREE WORKS

The What-If Analysis tool lets students see how their degree requirements will change and how their current coursework would apply if they changed their major.

1. Select the desired program (for example Bachelor of Arts). The level and degree will fill in automatically.
2. Select the desired major.
3. Select the desired concentration (if applicable).
4. Choose a minor if you would like to see its requirements.
5. This option is used to see how a class you would like to take would apply to your current major or new major.
6. After you have all your desired selections, click on Process to run the What-If Analysis.

The screenshot shows the 'What-If Analysis' tool interface. At the top, the 'Academic' tab is selected, and the 'What-If' sub-tab is highlighted with a red circle. The main section is titled 'What-If Analysis'. Below the title, there are three checkboxes: 'Use current curriculum' (unchecked), 'In-progress classes' (checked), and 'Preregistered classes' (checked). The 'Program' section contains three dropdown menus: 'Catalog year \*' (set to '2023-2024'), 'Program \*' (marked with a blue circle '1'), and 'Level \*'. Below these is a 'Degree \*' dropdown. The 'Areas of study' section contains three dropdown menus: 'Major \*' (marked with a blue circle '2'), 'Concentration' (marked with a blue circle '3'), and 'Minor' (marked with a blue circle '4'). Below these is an 'Additional areas of study' dropdown. The 'Future classes' section (marked with a blue circle '5') contains two input fields: 'Subject' and 'Number', followed by an 'ADD' button. At the bottom right, there are two buttons: 'RESET' and 'PROCESS' (marked with a blue circle '6').
