• Nursing (Level 1 and above, including Nursing RN to BSN Pathway)	\$1,425
• Residential Honors Program	\$1,200
Mandatory Student Fees	Fee
• Technology Fee	\$25

How do I calculate my tuition and fees?

Full-Time

1. If you are registered for (or intend to be actively registered for) 12-17 billable credits in a term, your tuition is a flat rate amount, which is also commonly referred to as the tuition plateau. Your tuition amount is listed in the Tuition and Fee table on the previous page according to your undergraduate program.
2. If you are registered for (or intend to be actively registered for) 18 or more billable credits in a term, multiply the number of credits exceeding 17 credits by the amount of the per-credit tuition rate for your undergraduate program. Add this amount to the tuition plateau calculated in the previous step.
3. Add the mandatory fees listed for full-time students.
4. Add other fees that may apply, including, but not limited to, program-specific fees, health center fees, on-campus housing fees, and new student fees. Various student fees are listed on our website: <https://www.hpu.edu/business-office/fee-schedule.html>.

Part-Time, Winter/Summer

1. Multiply the number of billable credits you are actively registered for (or intend to be actively registered for) in a specific term by the amount of tuition for your undergraduate program.
2. Add the mandatory fees corresponding to your status as a part-time or Winter/Summer term student.
3. Add other fees that may apply, including, but not limited to, program-specific fees, health center fees, on-campus housing fees, and new student fees. Various student fees are listed on our website: <https://www.hpu.edu/business-office/fee-schedule.html>.

Note that you will only be billed for actively registered classes. This means waitlisted classes will not show as tuition charges in MyHPU, View and Pay eBill.

Am I a full-time or part-time student?

Part-Time	11 or less billable credits
Full-Time	12 or more billable credits

Where can I view my tuition bill?

Tuition and fees reflect on registered student accounts approximately six (6) weeks before each term begins. At that time, registered students may view their real-time term charges in MyHPU, View and Pay eBill, by following these steps:

1. Log in to MyHPU
2. Expand the side menu
3. Select STUDENT SERVICES
4. Select View And Pay EBill
5. The link will take you to Cashnet, where you can view your statement and account details and make payments.

When is tuition due?

The student's portion of tuition and fees is due two (2) weeks before each term begins.

The student's portion is calculated as follows:

$$\begin{array}{r} \text{Actual Charges} \\ - \text{Expected Financial Aid} \\ - \text{Enrollment Deposit} \\ \hline \text{Student's Portion} \end{array}$$

By the tuition and fee deadline of each term, the student's portion should be:

- Paid in full,
- Accounted for under a Monthly Payment Plan, or
- Accounted for by a third-party source, such as student loans, tuition assistance (TA), or external scholarships.

When is the last day to drop a class?

Review each term's Academic Calendar for exact dates at <https://www.hpu.edu/registrar/academic-calendar.html>.

Once registered, students may add or drop courses without financial penalties up until the Last Day to Drop with 100% Tuition Refund for Dropped Credits, the exact date of which is noted in each term's Academic Calendar (see above link). After the published deadline, students who wish to adjust their academic schedule will be financially responsible for a portion or all of the credits affiliated with the dropped or added courses. The percentage of financial responsibility for dropped credits is determined by the published dates in that term's Academic Calendar. HPU does not allow "swapping" of courses.
