• Student Activity Fee	\$25
• Technology Fee	\$50
• Transportation Fee/Upass	\$100
<i>Winter 2021/Summer 2022</i>	
• Technology Fee	\$25

## How do I calculate my tuition and fees?

1. Multiply the number of billable credits you are actively registered for (or intend to be actively registered for) in a specific term by the amount of tuition for the degree you are pursuing. Please note the following exceptions:

### College of Business Graduate Courses

All graduate students, regardless of degree, will be charged the College of Business Graduate Course per-credit rate for any College of Business graduate courses. College of Business courses are marked with detail code "TUBA" on eBill + Pay Bill.

### HIST 7603, MGMT 7060, NSCI 7000

The above Thesis/Research/Capstone courses are charged at a special, reduced rate.

2. Add either the part-time, full-time, or Winter/Summer mandatory fees (see below to determine whether you are a part-time or full-time student).
3. Add other fees that may apply, including, but not limited to, program-specific fees, health center fees, on-campus housing fees, and new student fees. Various student fees are listed on our website: <https://www.hpu.edu/business-office/fee-schedule.html>.

Note that you will only be billed for actively registered classes. This means waitlisted classes will not show as tuition charges on eBill + Pay Bill.

## Am I a full-time or part-time student?

<b>Part-Time</b>	8* or less billable credits
<b>Full-Time</b>	9** or more billable credits

### Exceptions:

\*For College of Business graduate students on a 4-credit graduation pathway, you are part-time if you are registered for 7 or less billable credit hours in a term.

\*\*For College of Business graduate students on a 4-credit graduation pathway, you are full-time if you are registered for 8 or more billable credit hours in a term.

## Where can I view my tuition bill?

Tuition and fees reflect on registered student accounts approximately six (6) weeks before each term begins. At that time, registered students may view their real-time term charges in eBill + Pay Bill by following these steps:

1. Log in to MyHPU
2. Expand the side menu
3. Select STUDENT SERVICES
4. Scroll and select EBILL + PAY BILL
5. A new window or tab will open the application eBill + Pay Bill

## When is tuition due?

The student's portion of tuition and fees is due two (2) weeks before each term begins.

The student's portion is calculated as follows:

$$\begin{array}{r} \text{Actual Charges} \\ - \text{Expected Financial Aid} \\ - \text{Enrollment Deposit} \\ \hline \text{Student's Portion} \end{array}$$

By the tuition and fee deadline of each term, the student's portion should be:

- Paid in full,
- Accounted for under a Monthly Payment Plan, or
- Accounted for by a third-party source, such as student loans, tuition assistance (TA), or external scholarships.

## When is the last day to drop a class?

Review each term's Academic Calendar for exact dates at <https://www.hpu.edu/registrar/academic-calendar.html>.

Once registered, students may add or drop courses without financial penalties up until the Last Day to Drop with 100% Tuition Refund for Dropped Credits, the exact date of which is noted in each term's Academic Calendar (see above link). After the published deadline, students who wish to adjust their academic schedule will be financially responsible for a portion or all of the credits affiliated with the dropped or added courses. The percentage of financial responsibility for dropped credits is determined by the published dates in that term's Academic Calendar. HPU does not allow "swapping" of courses.
