

# Technology & Language Teaching

image from flicker.com

In this course, you will learn to

- integrate computer and video resources in language teaching
- critically evaluate computer tools and video materials for language teaching and learning
- develop and evaluate classroom activities that incorporate CALL software and video
- use technology in language teaching with awareness of cultural and legal issues

**COURSE DESCRIPTION:** An exploration of the effective uses of computers and video in language teaching. Criteria are developed and used to evaluate commercially available language learning computer programs and video series. In addition, classroom activities that incorporate this technology and original or authentic materials will be developed. 3 credits.

**AL = Applied Linguistics**, the study of language in use.

AL courses can lead to a minor, certificate, or degree in T.E.S.O.L.\*

**\*Teaching English to Speakers of Other Languages**
