HPU Student ID Photo Upload

There are a few things to keep in mind to meet the ID card photo requirements. The photo:

- Should be cropped slightly above head to middle of chest (you will have the opportunity to crop and rotate photos during the upload process)
- Should be taken against a plain, light background (in order for thermal face scanners to recognize you)
- Must be a color photo
- Must not include sunglasses, hat, mask, or other facial covering
- Must be faced directly towards the camera, with eyes open
- Must meet HPU standards. Your photo cannot be enhanced in any way (for example, no lenses, filters, text, emoji, stickers, etc.) and cannot contain other individuals or pets

To upload your photo to your MyHPU Portal:
1. Log on to your MyHPU Portal at [https://my.hpu.edu](https://my.hpu.edu)
2. Student Services
3. More
4. Online Photo Upload
