

HPU's Annual Security and Fire Safety Report 2017

Hawai'i Pacific University's Annual Security Report and Annual Fire Safety Report are organized to meet the compliance requirements of the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) and the Higher Education Opportunity Act (HEOA).

In addition to this report, campus security statistics are also posted on the Hawai'i Pacific University Security and Safety Department website: www.hpu.edu/security/files/clery-statistics-information-page.pdf. Each year, all enrolled students receive e-mail notification of the website to access this report. Faculty and staff receive similar notification via e-mail and at new employee orientations. Copies of the report may also be obtained by contacting the Director of Security and Safety at 808-236-3597. All prospective employees may obtain a copy of this report from the Human Resources Department located in the UB Building at 1164 Bishop Street, Suite 800, Honolulu, Hawai'i, 96813, or by calling 808-544-1188. Security statistics for the Annual Security Report and Fire Safety Report 2017 are for the following years: 2014, 2015, and 2016.

Campus Security

Hawai'i Pacific University has security at all of its major geographical areas: Hawai'i Loa (HLC), Downtown (D), Oceanic Institute (OI) and the Aloha Tower Marketplace (ATM). Hawai'i Pacific University has a Security and Safety Director who oversees the security and safety operations of all four locations and facilitates security services on military base campuses. The security office located at the Aloha Tower Marketplace serves as the HPU Security Center. From this location, security operations can be coordinated at the other HPU locations as needed.

Hawai'i Loa Campus

The Hawai'i Loa campus has Security Officers on duty 24 hours a day, seven days a week. Shift hours are 8:00 a.m. - 4:00 p.m., 4:00 p.m. - 12:00 a.m. and 12:00 a.m. - 8:00 a.m. There are two in-house Security Officers who are supplemented with a contracted security service. Aside from ensuring security matters are attended to, security officers will patrol and submit maintenance and facility work orders on areas discovered requiring facility attention i.e. burnt out lights, defective fire or smoke detectors, broken locks, and other facilities issues.

Hawaii Loa Campus has student residences. When students are housed at the residences a security officer is posted. This security officer will conduct patrols in the interior and at the exterior of the buildings and provide the security resource from which students and resident advisors can depend on as necessary to ensure safety.

Downtown Campus

Downtown campus security hours are from 6:30 a.m. - 10:30 p.m. on weekdays, and 7:00 a.m. - 5:00 p.m. on Saturdays. Security Officers at the Downtown campus are from a contracted security service. These security officers will watch for safety and security concerns in their area of responsibility. They also monitor entrances to the building to ensure no unauthorized persons enter the facility.

Oceanic Institute

Oceanic Institute is an aquaculture research facility and has Security Officers on duty 24 hours a day, seven days a week. Shift hours are 8:00 a.m. - 4:00 p.m., 4:00 p.m. - 12:00 a.m., and 12:00 a.m. - 8:00 a.m. Security staff is in-house and have dual roles in maintenance and security. Being a research facility, Security/Maintenance is trained to deal with mechanical problems with research equipment along with security concerns at OI.

Aloha Tower Marketplace

Aloha Tower Marketplace (ATM) is a three story facility located at Honolulu Harbor, Pier 9. The first floor contains a mix of commercial and University facilities. The second floor has student/faculty residential housing, and the third floor comprises staff and management offices. Security shift hours are 12:00 a.m. – 8:00 a.m., 8:00 a.m. - 4:00 p.m., and 4:00 p.m. - 12:00 a.m. Although entrance to the student residences are controlled by a card reader, a security officer is posted at the residence to assist in providing security for the location and render assistance to community advisors and student residents as required. Two other officers can provide back up as well.

Security Training

All security personnel are trained and licensed per the State of Hawaii requirements. In addition the following is incorporated into the training of HPU security officers: CPR, First Aid and AED; security operations procedures for the particular site; traffic control; report writing; human interaction; and enforcement of the Campus and Student Codes of Conduct. The Director of Security and Safety provides annual training (either in-house or contracted) in August to Security Officers regarding the Clery Act and their responsibilities as Campus Security Authorities. For those security personnel members that are hired during the year, the contracted security company will provide Clery Act training using the materials provided by the Director of Security and Safety. Security Officers assigned to Campus Security are not allowed to work on any University campus until Clery Act training has been completed. The Director of Security and Safety also provides annual Clery Act training in July/August to University staff and faculty assigned Campus Security Authority responsibilities; attendance logs for these training sessions are forwarded to Human Resources.

Security Officers do not carry firearms, and do not have arrest powers. Security personnel are responsible for maintaining public order on campuses. The approach to this responsibility is with professionalism and discretion and with the understanding that service to the campus community is paramount. Issues involving criminal activity will be called upon via the 911 system to the Honolulu Police Department for all campus locations.

Security Office Locations

Aloha Tower Marketplace Security Office is located in Building 4, ground floor. The HPU Security Center is also located within and has the capability of dispatching/forwarding calls and coordinating security for all other campuses. The ATM Security Office phone number is 808-544-1400 and the cellular number is 808-294-4276. From an HPU land line 22222 can be dialed. The Director for Security and Safety is available by dialing 236-3597.

The Hawai'i Loa campus has two Security Offices, one located in the main building (AC) ground floor and a second on the first floor of the Dining Commons, north side of building. The primary Hawai'i Loa campus security phone number is 808-236-3515, or dial 33333 from an HPU land line. The emergency cellular number is 808-478-2788.

The Downtown campus does not have a dedicated Security Office but the presence of Security Officers is visible on Fort Street Mall. The Downtown campus security phone number is 808-321-1892. From an HPU land line dial 11111.

The Oceanic Institute Security Office is located in the Maintenance Building. Oceanic Institute Security Office phone number is 808-259-3170 and the cellular number is 808-220-2899.

University Security Cameras

Security Officers at the Hawai'i Loa, Downtown and ATM campuses are assisted in their duties with the use of a camera monitoring system (Lighthouse), which is supervised by the University's Information Technology Services (ITS) Division. The camera monitoring system, which consists of 28 cameras at the Hawai'i Loa campus, 23 cameras at the Downtown campus, and 59 cameras at the Aloha Tower campus are used to monitor various interior public areas, labs, and high-risk areas.

Reporting Crimes and Emergencies

All students, faculty, and staff are encouraged to report crimes or situations that seem suspicious whether it happens to them or if they are a witness to a crime. Indeed, all persons have the responsibility to report a crime. If a crime occurs on or around campus, witnesses should report it immediately to HPU Security or the Honolulu Police Department (HPD). As previously mentioned, since HPU security officers have no special powers and are not

commissioned law enforcement officers, HPD has primary jurisdiction over the areas surrounding all HPU's campuses and is generally called for any incident, crime, or emergency that is outside of the authority of HPU Security. For those persons unable to report crimes, HPU Security will assist.

The Hawai'i Loa front gate is staffed by Campus Security 24 hours a day including holidays and weekends. For non-emergency situations, Hawaii Loa Security can be reached at 236-3515. There are emergency phones on the first or second floor of each residence hall. These phones are directly linked to Campus Security at the front gate and also allows the caller to dial **#-9-1-1**.

The non-emergency phone numbers for Campus Security located at other locations are as follows: 808-321-1892 (Downtown), 808-220-2899 (Oceanic Institute), 808-544-1400 (ATM) or 9-1-1 for emergencies. Whenever possible, the actual victim or witness to the crime should call the police directly, because firsthand information is always more accurate and complete. However, Security Officers at all HPU locations can render assistance with this effort. When notified, Security will dispatch the appropriate Security Officer or contact HPD, firefighters or paramedics/EMTs, as necessary.

The Security Officers are in constant radio contact with other Security Officers who are stationed or roving throughout the HPU community and available to respond to situations as they arise.

Upon receiving information concerning an incident, a Security Officer or police officer will investigate the incident, document the information, and take appropriate action. Security may work with the Honolulu Police Department and other state and federal agencies. Cases are adjudicated through the county in which the incident occurred and/or through the University's judicial system.

Campus Security Authorities

Students are encouraged to report crimes to Campus Security Authorities (CSA). The following are Campus Security Authorities as defined by federal legislation, specifically the Clery Act.

- Hawai'i Pacific University Director of Security and Safety.
- Hawai'i Pacific University Security Staff, in-house and contracted.
- Athletics Director, Head Coaches, Assistant Coaches, Trainers, and Athletic Staff.
- Computer Center Staff.
- Academic Advisors.
- Admission Counselors
- Financial Aid Counselors.
- Registrar and Staff
- Campus Recreation Coordinator
- Center for Academic Success Staff
- Student Activities and First year programs Staff.
- Performing Arts Program Staff
- Advisors to Student Organizations
- Faculty Student Lounge at ATM and Sharky's Cove Staff.
- Residence Life and Staff.
- Honor Society Sponsors/advisors.
- Libraries and Learning Commons Staff.
- Dean of Students and Staff.

The Clery Act states that if someone has "**significant responsibilities for student and campus activities,**" he or she is a Campus Security Authority (CSA). By law, CSAs must report a crime (that has been reported to them) to security personnel or a higher authority. There is no discretion. The CSAs "must" report the crimes that come to their attention. There is no need to investigate; only to officially report crimes that are reported to them.

Licensed counselors (including certified Sexual Assault Victim Counselors) and the HPU clergy (pastoral counselors) are exempt from reporting requirements. HPU encourages counselors and clergy, if and when they deem appropriate, to inform those they counsel of procedures for reporting crimes on a voluntary and confidential basis for

inclusion in the annual security report. Confidential/anonymous reports are extremely valuable in order to prevent further victimizations and to obtain a more accurate description of HPU campus crime.

Campus Security Authority Training

Campus Security Authorities have been identified at Hawai'i Pacific University. The Security and Safety Department, under the Director of Security and Safety, conducts annual training for Campus Security Authorities on responsibility for reporting crimes.

Confidential Reporting

Security Incident Report

In certain instances, a crime victim may be reluctant to file a report fearing the process and/or loss of his/her anonymity. In such circumstances, crime victims are encouraged to consider making a confidential report to one of the designated Campus Security Authorities. At a minimum, crime victims will receive valuable counseling and referral information. Confidential reports are important because they provide valuable information that will enhance the safety of the community-at-large and provide a more accurate depiction of actual campus crime.

If a victim of a crime does not want to pursue action within the University system or the criminal justice system, he/she may still want to consider making a confidential report. Generally speaking (and subject to caveats described below), the Director of Security and Safety can file a report on the details of the incident without revealing the victim's identity. The purpose of a confidential report is to comply with the victim's wish to keep the matter confidential, while taking steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine if there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the University.

Disclosure of Information for Violent Crimes or Non-Forcible Sex Offenses. The University will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Title IX Requirements for Reporting of Sexual Harassment

All reports or complaints of sexual harassment will be kept confidential, except that individuals with a legitimate need to know will be informed of the complaint in order for the University to conduct a meaningful review of each complaint and for the purpose of determining whether the complaint is isolated, frequent, part of a pattern of practice or pervasive. All records are confidential with access only to individuals with a legitimate need to know. In cases when a reporter or complainant does not want to have a report investigated, the Title IX Coordinator will consider the reasons for the request, including concerns about continued safety and well-being of the person reportedly harmed and members of the campus community. The Title IX Coordinator will initiate confidential consultation with appropriate individuals to analyze the situation and assist in determining appropriate measures to take. Consultation may occur with the Director of Counseling and Behavioral Services, Director of Security and Safety, Director of First-Year Experience, Director of Human Resources, and General Counsel. The Title IX Coordinator will make the final decision about whether to conduct a formal investigation or respond to the report in another manner, including taking informal actions, such as those described in this policy.

Emergency Notification

The University is committed to the safety and well-being of its faculty, staff, students, and visitors to its campuses. In the event of a significant emergency or dangerous situation involving the immediate threat to the health, safety, or persons on the campuses, the University will immediately notify the university community using the Rave Alert System, InformaCast, Simplex-Grinnell PA system and other media outlets, unless notification would otherwise compromise the effort to assist victims or contain the emergency.

The Hawai'i Pacific University Security Department along with the Campus Emergency Response Team (CERT) will confirm the existence of a significant emergency and make the appropriate notifications to the Honolulu Police Department and the university community. Security, under the guidance of CERT, will coordinate the response of emergency responders and other necessary actions during an emergency. Hawai'i Pacific University will also test the emergency response and evacuation procedures annually and publicize the emergency response and evacuation procedures throughout the University. Those interested in receiving Rave Alerts can sign up at the following website: <https://www.getrave.com/login/hpu>. Beginning October 16, 2017 all students, faculty, and staff will be automatically enrolled in the Rave emergency text messaging system.

In situations where an immediate threat exists to the community the university, through the incident commander, will determine if evacuation, shelter-in-place, or lockdown procedures will be executed. Such processes are effected in consonance with the HPU Emergency Operations Plan.

How Crime is reported to the HPU Community

Hawai'i Pacific University reports statistics to the Department of Education annually on October 1. Hawai'i Pacific University Security Department keeps a "Daily Crime Log" that is available for inspection upon request. HPU will make periodic reports, timely warnings or notices to the HPU community of recent crimes that may affect the quality of life on or around campus areas. These reports are intended to raise awareness regarding criminal activity so that the community can increase or implement personal safety strategies. The Department of Security and Safety will coordinate Timely Warning information through Strategic Communications and other appropriate departments to get the message out.

Timely Warnings

Timely Warnings and Notices will be distributed through one or more of the following means:

- The HPU Pipeline Website: campus.hpu.edu.
- The HPU Outlook electronic mailing list for faculty and staff.
- The Hawai'i Pacific University Security and Safety Department website: www.hpu.edu/About_HPU/security/index.html.
- Flyers to selected offices on campus, including Student Affairs and Residential Life.
- Rave Alert System.
- Informacast system.
- Alertus desktop system.

This is part of HPU's ongoing effort to notify the community when incidents of criminal activity occur that may have an impact on the quality of life of the campus community at large and to share crime prevention information. HPU faculty, staff, and students can expect to receive timely alerts for HPU campuses and immediate surrounding areas when appropriate. There may also be periodic informational messages about topics in crime prevention such as theft prevention and night safety.

Collection of Statistics for Annual Security Report

The Director of Security and Safety coordinates the compilation of all statistics, identifies reportable crimes, and reports/publishes statistics to the Department of Education from the University's Campus Security Authorities and local police for inclusion in the annual report. The Clery Act requires statistics to be reported from a wider geographic area (e.g., adjacent public property and off campus student organization properties), and also requires reports of student disciplinary referrals in addition to arrests for drugs, alcohol, and weapon offenses. The Clery Act mandates the collection of information regarding crimes from non-law enforcement "Campus Security Authorities" having "significant responsibility for student or campus activities."

The University reserves the right to discipline any student who violates the prohibitions of this policy when on campus or at a University function if, in the University's discretion, the conduct may impact the University's educational mission, and/or the health, and/or safety of any member of the community. Students are responsible for the conduct of their guests and visitors on campus, at University functions, and off campus at all housing complexes where HPU students reside.

HAWAI'I PACIFIC UNIVERSITY STUDENT HANDBOOK, DRUGS AND ALCOHOL

Student conduct is guided by the general Code of Student Conduct which is contained in the Hawai'i Pacific University Student Handbook. Missing Person Policy

The Higher Education Opportunity Act of 2008 (HEOA) requires that all institutions that provide on-campus student housing to establish a student notification policy and procedures.

Statement of Policy:

Each resident has the option to identify and register confidential contact information for an individual to be contacted by the institution no later than 24 hours after the time that the student in question is determined missing. This is done via the Missing Person Emergency Contact Form at housing check-in. (In the event a student is under 18 years of age, and has not been legally emancipated, the student's parents will also be contacted.)

If a member of the University community has reason to believe that a resident is missing for 24 hours, he/she should immediately notify the Director of Security and Safety at 808-236-3597. The Director of Security and Safety will generate a missing person report and initiate an investigation with the assistance of Residence Life staff.

Should the Director of Security and Safety determine that the student is missing and has been missing for more than 24 hours, he/she will notify the Honolulu Police Department and the resident's emergency contact, or the resident's parents if the resident is under the age of 18 and not legally emancipated, no later than 24 hours after the student is determined to be missing.

Rape Prevention Education

Incoming students to Hawai'i Pacific University are required to complete an online sexual violence prevention program called **Student Success Every Choice**. In addition, first year students are required to take an alcohol education program called **Alcohol eCheck To Go**. These seminars/workshops are coordinated by various departments including the Center for Student Life and First-Year Programs and Residence Life.

Sponsored by the Honolulu Police Department and the Women's Center, the Rape Prevention Education Program (RPEP) provides education and information about sexual assault, dating and domestic violence, and stalking. The Program explains laws and definitions, suggests strategies to increase safety, and dispels the common myths about sexual violence. The RPEP also provides assistance for survivors of sexual violence and their family and friends. Assistance includes crisis counseling, information about reporting to law enforcement and the campus judicial system, help with legal and medical questions, and help with academic and housing problems and referrals to other campus and community resources.

Procedures to Follow when a Sexual Offense Occurs:

THE VICTIM SHOULD GO TO A SAFE PLACE. CALL A FRIEND OR SOMEONE ELSE TO BE WITH THEM.

1. Calling the police is extremely important. Call 9-1-1, (#-9-1-1 on campus phone line) and say, "I want to report an assault." Names and other pertinent information is needed to provide important assistance to the victim.
2. If the person assaulted is not sure what to do, they should call the Honolulu Rape Crisis Center's 24-hour hotline (808-524-7273). Names are not required. The advocate will provide information regarding options, rights, and choices.
3. The Sex Abuse Treatment Center may also be called. It is open Monday thru Friday from 8:00 a.m. until 4:30 p.m. (808-524-7273). A staff member will help with decisions about what to do.
4. If reporting the incident is still being considered, but the assaulted person may want to report later, then a police report should be filed in order to obtain an evidence exam. The evidence exam can only be done if an official police report is made. The victim has the right to change their mind later about being involved in a legal case. Evidence exams are initiated by the handling detective and is done at Kapi'olani Medical Center.
5. For the exam to be accurate the victim should not eat, drink, wash, shower, or go to the bathroom. The reason is that valuable evidence may be lost in a sexual assault. However, it is still ok to make a report if these actions were made. The police should be informed accordingly.
6. If the person assaulted definitely does not want to initiate a report with police, they should still consider having a medical exam to determine if internal injuries were sustained and to check for sexually transmitted diseases and pregnancy.

Information about Counseling

Counseling and Behavioral Health Services (CBHS) are available to provide students with individual therapy, crisis intervention, and referrals to private and public resources. The Director of the CBHS Department also serves as liaison to University faculty and staff to support students who are experiencing academic difficulties due to life stressors. In addition, the Department serves students reporting incidents to the proper law enforcement authorities. Counseling services are FREE and CONFIDENTIAL to all current registered HPU students.

Pastoral counseling is also available. Contact the University Chaplain at 808-544-9394.

Other Counseling Resources on Campus

- Counseling and Career Services for students.
- Academic and Staff Assistance Program for staff and faculty.

Notification about Changes in Academic/Living Situations

Victims of sexual assault may:

- Request academic assistance for missed classes or exams, or help with rearranging coursework.
- Be moved if both the victim and the accused live in residential housing. A request may also be made by the victim that the accused be moved pending a campus conduct hearing.

Sex Offender Registry

Hawai'i Pacific University operates in an advisory capacity by informing the campus community where information provided by the state concerning sex offenders may be obtained. Hawai'i Pacific University is not required to collect sex offender information.

1. The federal Campus Sex Crimes Prevention Act of 2000 was enacted on October 28, 2000, and became effective on October 28, 2002. This law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. In Hawai'i, the information is available at the following website: <http://sexoffenders.ehawaii.gov/sexoffender/welcome.html>.

Date Rape Drug

Date rape drugs can be placed in any drink, not just alcohol. The drug may act as an aphrodisiac or intoxicant. Effects may include a feeling of well-being and short term memory loss. Some other common side effects includes a drunken appearance, drowsiness, light-headedness, staggering, confusion, muscle relaxation, and amnesia that can last up to 24 hours. Serious adverse effects can occur such as seizures, insomnia, anxiety, nausea, dizziness, hallucinations, coma, and even death.

Persons who believe that they have been drugged, or that they know someone who has, should go to a safe place, and then contact HPU Campus Security or the Honolulu Police Department. Then they should go to a local hospital's emergency room for immediate treatment of any injuries.

Domestic Violence

Domestic Violence is covered under HRS §709-906 titled **Abuse of Family or Household Members**. (1) It shall be unlawful for any person, singly or in concert, to physically abuse a family or household member or to refuse compliance with the lawful order of a police officer under subsection (4). The police, in investigating any complaint of abuse of a family or household member, upon request, may transport the abused person to a hospital or safe shelter.

Dating relationship situations exist under this statute as well. Under State Law dating relationships are defined as, "Dating relationship" means a romantic, courtship, or engagement relationship, often but not necessarily characterized by actions of an intimate or sexual nature, but does not include a casual acquaintanceship or ordinary fraternization between persons in a business or social context.

Stalking

Stalking is considered a crime in the State of Hawai'i.

HRS §711-1106.5, Harassment by stalking. A person commits the offense of harassment by stalking if, with intent to harass, annoy, or alarm another person, or in reckless disregard of the risk thereof, that person engages in a course of conduct involving pursuit, surveillance, or other non-consensual contact upon the other person on more than one occasion without legitimate purpose. Harassment by stalking is a misdemeanor.

HRS §711-1106.4. Aggravated harassment by stalking, a person commits the offense of aggravated harassment by stalking if that person commits the offense of harassment by stalking as provided in section HRS §711-1106.5 and has been convicted under section HRS §711-1106.5 within five years of the instant offense. Aggravated harassment by stalking is a Class C Felony.

Common elements of stalking include: annoying or threatening phone calls and emails; unwanted letters or gifts; showing up uninvited at the victim's home, place of work, or class; taking photos or spying on the victim; threats; and intimidation of the victim. Persons who feel that they are being stalked or need further information, should contact Campus Security or the Honolulu Police Department.

Procedures to Follow for Victims of Sexual Assault, Domestic Violence, Dating Violence, or Stalking

1. Calling the police is extremely important. Call 9-1-1, (#-9-1-1 on campus phone line) and say, "I want to report an assault (or I am being stalked)." Names and other pertinent information are needed to provide important assistance to the victim.
2. If the person assaulted is not sure what to do, they should call the Honolulu Rape Crisis Center's 24-hour hotline (808-524-7273). Names are not required. The advocate will provide information regarding options, rights, and choices.
3. The Sex Abuse Treatment Center may also be called. It is open Monday thru Friday from 8:00 a.m. until 4:30 p.m. (808-524-7273). A staff member will help with decisions about what to do.

4. Victims should be aware that it is extremely important to preserve any evidence that may assist in proving that the alleged criminal offense occurred. This information is of great assistance in obtaining protection orders. The above listed numbers all can provide assistance in pursuing a decision on behalf of the victim.
5. For persons who are being stalked immediate notification to HPD or Campus security is an option where assistance with the previously mentioned procedures can be given. HPU will provide assistance wherever possible to ensure that the victim is able to notify the authorities in this matter.

How to make a Report

Injured parties have the right to take separate actions:

1. Report an incident to local police and/or Campus Security. Campus Security 24 hour number is (808) 544-1400.
2. File a complaint through the university student disciplinary process [contact the Title IX or Deputy Title IX Coordinator at (808) 687-7014] or Human Resources process as appropriate to the involved parties (including the option of filing via the university's compliance hotline 1-877-270-5054 or www.tnvinc.com/hpu, which is available 24 hours a day, 7 days a week from any location)
3. Choose to prosecute criminally.
4. Choose to file a civil case.

Additionally, injured parties may take advantage of remedial assistance without filing a complaint. Information pertaining to these options and resources available on campus and in the local community may be provided by the Title IX or Deputy Title IX Coordinator.

Security measures, counseling, and other forms of assistance (e.g., filing a temporary restraining order) can be made available. More information on these resources are found below in this policy. In any and all cases of Sexual Assault, Domestic Violence, Dating Violence or Stalking reports, the complainant should immediately contact any Hawai'i Pacific University employee who will assist with notifying Campus Security, or a Title IX Coordinator.

Confidentiality

All reports or complaints of sexual assault, domestic and dating violence, and stalking will be kept confidential, except that individuals with a legitimate need to know will be informed of the complaint in order for the university to take appropriate action and conduct a meaningful review of each complaint and ensure the safety of the HPU community.

If a complainant requests confidentiality, the university will take all reasonable steps to investigate and respond to the complaint consistent with this request, including exclusion of personally-identifiable information in recordkeeping on victims; however, confidentiality is not guaranteed.

Immediate Action and Interim Measures

Students who identify themselves as victims of sex assault, domestic violence, dating violence or stalking have the option to, or not to, notify and seek assistance from local police and campus authorities. Students who notify the university may request various provisions in support of their recovery and during the disciplinary process.

Such assistance includes:

- Not identifying the alleged perpetrator, unless the information is necessary to respond to a request for a specific form of assistance.
- Request university information about the reporting procedure prior to filing a report.
- Request assistance from HPU security or an HPU member in filing a report with a university department or with local police including restraining and protective orders.
- Request a "no contact" order with the alleged perpetrator through the Dean of Students office.
- Request relocation in university housing.

- Request a change in a class schedule to avoid contact with the alleged perpetrator.
- Request student academic support services such as counseling, tutoring and consideration for re-taking a course or withdrawing from a class without penalty.
- Be informed of the resolution of the disciplinary case.
- Through the Code of Student Conduct, receive the following procedural protections: receive information about the disciplinary proceedings; name witnesses and attain their statements regarding the case; have an advisor present during the student conduct proceedings; get access to redacted disciplinary case information that will be used at the hearing; freedom from having irrelevant sexual history discussed during the disciplinary hearing; appeal the outcome of the hearing; and challenge the persons conducting the hearing with regard to personal bias. For more details, refer to the Code of Student Conduct.

Resolution Procedures and Standards of Evidence

As previously mentioned, all reports or complaints of sexual discrimination, sexual assault, domestic violence, dating violence, or stalking as well as other forms of sexual discrimination will be kept confidential, except that individuals with a legitimate need to know will be informed of the complaint in order for the university to conduct a meaningful review of each complaint and for the purpose of determining whether the complaint is isolated, frequent, part of a pattern of practice or pervasive.

All records are confidential with access only to individuals with a legitimate need to know. If a complainant requests confidentiality, the university will take all reasonable steps to investigate and respond to the complaint consistent with this request, including exclusion of personally-identifiable information in recordkeeping on victims; however, confidentiality is not guaranteed.

In cases when a Reporting Party (complainant, victim or witness) does not want to file a formal complaint, the Title IX Coordinator will consider the reasons for the request, including concerns about continued safety and well-being of the person reportedly harmed and members of the campus community. The Title IX Coordinator will initiate confidential consultation with appropriate individuals to analyze the situation and assist in determining appropriate measures to take. Consultation may occur with the Director of Counseling and Behavioral Services, Director of Safety and Security, Director of Human Resources, and General Counsel. The Title IX Coordinator will make the final decision about whether to conduct a formal investigation or respond to the report in another manner, including taking informal actions, such as those described in this policy. Accordingly, all allegations involving sexual misconduct will be addressed through the formal resolution procedures as noted in this policy and the Code of Student Conduct.

There are two avenues for resolution of an alleged policy violation: formal and informal resolution. The Complainant has the option to proceed informally, when permissible. In cases involving allegations of sexual assault, dating violence, domestic violence, or stalking, informal resolution is not appropriate, even if both the Reporting Party and Respondent (alleged perpetrator) indicate a preference for informal resolution. Accordingly, for any allegation involving sexual related matters as previously stated, the formal resolution procedures will be followed.

1. Informal Resolution Procedures (alleged student misconduct): The person who believes he/she has been harassed will discuss the matter with the Title IX Coordinator, who may determine that an investigation is in order. Informal resolution procedures will only be used when the university determines that it is appropriate. The university retains the right to require formal resolution procedures at its discretion.

The Assistant Dean of Students will make a record of the details of the complaint and initiate mediation between the involved parties to arrive at possible resolutions. Typically, an informal investigation will be completed within thirty (30) days of receipt of the complaint. If it becomes necessary to extend the process, both parties will be notified of a revised expected resolution timeframe. The matter may also be terminated with discussion and counseling by the Assistant Dean of Students, who may also draw on support and counseling services to assist Reporting Parties. The Reporting Party has the right to end the informal process at any time and begin the formal resolution procedures. Informal procedures and mediation between the Reporting Party and Respondent are never applied in cases involving sexual assault complaints.

2. Formal Resolution Procedures (alleged student misconduct): If deemed appropriate, the Assistant Dean of Students will conduct an investigation and facilitate a formal hearing board with the Student Conduct Hearing Board. Typically, an investigation will be completed within sixty (60) days of receipt of the complaint. If it becomes necessary to extend the process, both parties will be notified of a revised expected resolution timeframe. The Assistant Dean of Students or Student Conduct Hearing Board may interview the Reporting Party, Respondent, and witnesses. The facts will be evaluated and the Student Conduct Hearing Board will make a determination. The Reporting Party and Respondent are entitled to the same opportunities to have an advisor present during a disciplinary proceeding, freedom from retaliation, freedom from having irrelevant sexual history discussed during the disciplinary hearing, an explanation of the discipline process, and attend the disciplinary hearing except for the deliberation process and when other individuals are being questioned. For the Respondent, procedural protections are noted in the Code of Student Conduct, section 2.

Throughout the process, the Assistant Dean of Students will provide periodic status updates on where the process is with the Reporting Party and Respondent. Also, if the Respondent was previously found responsible for other code of student conduct violations, the Student Conduct Hearing Board may receive such information if: (a) The previous incident was substantially similar to the present allegations; and (b) The information indicates a pattern of behavior and substantial conformity with the pattern by the Respondent.

The Assistant Dean of Students, Title IX Coordinator and/or Provost may advise the university President of all proceedings. *The standard of determining responsibility is based on a "preponderance of evidence" standard (refer to the Code of Student Conduct).* This means there is a measure of proof that a reasonable person would accept as "more likely than not" that a fact is true or an incident occurred. Credibility of statements or patterns of fabrication may be used in determining the preponderance of evidence.

3. Violations of the Sexual Discrimination and Sexual Misconduct policy may lead to disciplinary action up to and including suspension or expulsion from the university. Specific sanctions are listed under the Code of Student Conduct in the Student Handbook pages 60-61 paragraph 12. Mitigating factors to expulsion or suspension are contained in paragraph 13.

4. Other protections include:

- A. **Protection Against Retaliation:** Retaliation of any kind against individuals who, in good faith, report instances of sexual harassment or who participate in or are witnesses in any procedure to redress a complaint of sexual harassment, is prohibited. Individuals who are found to have violated this provision will be subject to disciplinary action (which may include suspension or expulsion). Retaliation is any action by any person that is perceived as intimidating, hostile, harassing, retribution or violent that occurred in connection to the making and follow-up of the sex discrimination report.
- B. **False Complaints:** It is a violation of this policy for anyone to make intentionally false accusations or false complaint of retaliation. Any employee or student who is found to have made an intentionally false accusation or false complaint of retaliation will be subject to disciplinary action. Upon the conclusion of a claim of sexual discrimination, the Assistant Dean of Students or Student Conduct Hearing Board may file a complaint against an individual where the Assistant Dean of Students or Student Conduct Hearing Board finds direct evidence of malice and fraud by the complainant.
- C. **Resolution of complaints against faculty/staff:** Please refer to the "Employee Handbook," the "Academic Affairs Policies and Procedures Manual" and/or the Sexual Harassment Policy in the "Faculty Handbook" for detailed information on the investigation process with regard to a faculty or staff member who is accused of sexual discrimination or sexual assault.

5. **Notification of Resolution:** The Reporting Party and Respondent will receive written notice simultaneously of the disciplinary case outcome and appeal procedures; any change to the result before it becomes final; and when the result becomes final.

6. **Appealing Sanctions:** Students who disagree with sanctions imposed by the Student Conduct Hearing Board are entitled to one written appeal. The appeal should be received by the Provost or his designee within five business days of the date the sanctions were imposed. Upon receipt, the Provost or his designee will consider and decide the appeal. Refer to the Code of Student Conduct regarding sanctions and the appeal considerations. Appeal questions as they pertain to a Human Resources investigation should be directed to the Employee Relations and EEO/AA Compliance Manager and Title IX Coordinator.

7. The university actively takes prompt and equitable action to eliminate sex discrimination, and takes reasonable steps to prevent recurrence of any sexual harassment or sexual assault and to correct its effects as appropriate. Student conduct proceedings are conducted in a manner designed to protect the safety of victims and university community, and promotes accountability.

Resources to Victims and Survivors

Hawai'i Pacific University reaffirms the principle that its students, faculty and staff shall be free from sexual discrimination. Sexual offenses such as rape, sexual abuse or discrimination in the form of sexual harassment or sexual misconduct will not be tolerated.

As mentioned previously, evidence collected from a sexual assault can be a powerful tool in a criminal prosecution, if the victim chooses to file a police report. While evidence can be collected and preserved via medical examinations, victims can take steps to preserve evidence as well. To preserve evidence, try not to do any of the following immediately after a sexual assault:

- Shower, bathe, use the restroom, douche, comb your hair or brush your teeth.
- Change clothes – if you do, put the clothes into paper bags.
- Clean up the crime scene or move anything the offender may have touched.

If a victim suspects that they have been drugged, they should ask a medical provider about a toxicology kit which tests blood and urine. Medical professionals may also provide emergency contraceptive and STD's testing. The Sex Abuse Treatment Center can be contacted for more information about medical assistance.

6. Do not panic; use your head. It is hard, but try to stay calm. Get a good description of your assailant, if possible.
7. Be alert for suspicious persons or dangerous situations.

Temporary Restraining Order (TRO)/ Restraining Order (RO)

A TRO is a court document that can be obtained to provide legal assistance which prevents an individual from contacting another individual if they have a history of harassing, threatening, or abusing that individual. There are times when students, faculty, and staff find themselves in a situation where they need to file for a TRO. A TRO is temporary in nature with a pending court date and hearing. At this hearing, if the respective judge finds cause that a danger exists, the TRO will be dissolved and a permanent restraining order is issued. Permanent restraining orders go into effect for three years.

For assistance from Campus Security regarding a TRO/RO, the person being granted the TRO will need to provide the TRO/RO information to the Campus Security. Campus Security needs a copy of the TRO/RO, which will allow them to better develop an appropriate response and provide accurate support and assistance if called on to do so. In addition to a copy of the TRO/RO, a current picture of the person who the TRO/RO restrains, along with a description of any vehicle the subject may own or operate should be provided. Campus Security can be contacted for further information.

Filing for a Temporary Restraining Order

A request for a District Court Temporary Restraining Order (TRO) can be submitted if the person harassing or abusing:

- Is not someone who the victim is or was married to.
- Is not a relative of the victim.
- Has never lived with the victim.
- Is not someone with whom the victim had a child.
- Is not a dating partner of the victim.

Otherwise, a Family Court Protective Order can be obtained.

The University keeps a daily log of all security incidents that are reported on campus and information obtained is confidential and not be disseminated outside of the Hawai'i Pacific University's Security and Safety Department. This log is used to report crime statistics to the Department of Education on October 1, annually. The Department of Education requires a second log which states the following: Log Number; Classification (Crime or Security Incident); Date and Time of Report; Date and Time of Offense; (General Location, i.e.: Hawai'i Loa, Downtown, Oceanic Institute, Aloha Tower, Off Campus); and Disposition. This second log is available for public viewing upon request.

Security Services

Operation Identification

Campus Security can help students engrave unique identifiers on personal items kept on campus, such as bicycles, computers and radios. Engraving on personal property helps in the recovery and identification of stolen items.

Campus Security also suggests keeping a record of serial numbers and unique identifiers, and taking photos of valuable items kept on campus to aid in identification and recovery.

Campus SafeWalk Service

Campus Security, upon request, will accompany individual students and members of the faculty and staff between academic or residence buildings and parking lots. The Downtown service will include from academic and office buildings to the shuttle or city bus stop and to University downtown parking lots during the hours of darkness. To request SafeWalk contact 808-544-1400 (ATM), or 808-236-3515 (Hawai'i Loa).

Buildings and Residences

Security and fire safety considerations go into planning and design of all campus buildings. On request, the Campus Security will evaluate the security strength of University offices and residences and recommend corrective action.

Campus Security also works closely with Facilities Management to ensue prompt repair of maintenance issues that pose a safety or security concern to the community.

All University buildings can be secured by a key or card-lock system. Students are issued keys to their residences, and authorized faculty and staff are issued keys to their workplaces. After-hours access to locked academic buildings is restricted to authorized persons holding keys or electronic access cards for the facilities.

Security Lighting and Emergency Phones

Parking lots, sidewalks and all major walkways are lit at night at all HPU campuses. Emergency phones are located on the first floor of all residence halls on the Hawai'i Loa campus.

Crime Prevention Tips

Hawai'i Pacific University's safety and security measures are designed to address most areas of campus life, but a safe environment also depends on the awareness and cooperation of individual community members. Here are some common-sense steps that can be taken for personal safety and loss prevention:

- * When walking the campus at night, stay within well-lit walkways. Avoid taking shortcuts through unknown areas.
- * If walking alone at night cannot be avoided, call Security's SafeWalk service at (808) 544-1400.

- * Wallets, purses, book bags, and backpacks should never be left unattended.
- * Keep doors and windows to your residence locked, even if being gone for a short time.
- * Keep car doors and windows locked. Check front and back seats and the cargo area before entering.
- * Use Operation Identification to engrave portable valuables, and do not keep them unattended.
- * Laptops, phones, and Ipods should not be left unattended.
- * Do not put personal identification on social networking sites.
- * Do not put an ID tag with our name, address or license number on your key chain; if lost, the key chain could lead to theft.
- * Keep bicycle locked in a rack when not in use.
- * Immediately call university security at (808) 544-1400 to report any criminal incidents or suspicious persons or emergency.
- * Carry only the cash and credit cards that are needed.
- * Carry a whistle or other means of making a loud noise.

Candles, incense, oil lamps, burning insecticides, flammable liquid, and halogen-bulb lamps (even as room decorations) are prohibited in all University housing as a fire-safety measure. Cooking in the residence halls is not encouraged. Due to the danger of fire, any type of open flame, exposed, and/or external heating elements, including charcoal grills, compact or electrical grills, hotplates, toaster ovens, toasters, and stoves are not permitted in the residence halls or outside near the campus buildings. Only one small refrigerator/freezer unit (no larger than 5.0 cu. ft. total) and microwave per room is permitted and should be plugged directly into a wall outlet.

Student Housing Evacuation Fire Policy

When descending the stairs there will be no pushing and students will descend stairs two abreast with arms linked with the person on the inside (away from wall), grasping the handrail. Communication will be at a minimum. Upon departure of buildings, Building One and Four residents will proceed to the Ewa side of Irwin Park. Building Two and Three residents will proceed to the Diamond Head side of Irwin Park. At both assembly areas roll calls will take place. Upon all clear, and if conditions permit, students will be allowed to return to their rooms.

Smoke Detectors

Smoke detectors are located in every room along with the hallways of residence halls. Smoke detectors are serviced annually in the month of August. Campus Security and Maintenance will check smoke detectors regularly. If smoke detectors are defective, they are repaired or replaced in a timely manner. Smoke alarms are run on the fire alarm system which can immediately be responded to by Campus Security. Smoke detectors should always be in good working condition; tampering with or removing smoke detectors from the ceiling jeopardizes hall safety, and will be subject to disciplinary action. Do not hang anything from or attach anything to any smoke detector in the residence halls.

Fire Alarm/Fire Extinguishers

Hawaii Loa Campus fire alarms are located on each floor of each residence hall, located toward the rear of the building near the fire exit. Alarm panels are located on the second floor in the electrical room closet with audible local soundings as well as announcement capabilities forwarded to the security officer at post 1. ATM Waterfront Lofts fire and smoke alarms are located on each floor with a centralized control panel at the HPU Security Center with a backup panel at the Alternate EOC. Fire extinguishers are located on each floor of each residence hall. The fire alarm/pull station and fire extinguisher is serviced annually during the month of August. The fire alarm and smoke detector system was installed and maintained by a licensed alarm contractor.

Appliances

All electrical items must be plugged directly into wall outlets. Acceptable equipment for use with fused surge protectors includes: computers, printers, answering machines, fans, and desk lights.
